趋势变化小作文举例-犯罪率

趋势变化小作文举例-犯罪率

- It is worth noting that the conviction rates for both males and females reach a peak in their early twenties.
- The male conviction rate increases by 9%, from 1% at the age of 10 to 10% at the age of 20. A much smoother rise is found in this figure for females during the same period.
- These numbers for both males and females experience a gradual decrease after they are twenty years old.
