

多者比较小作文举例-柱状图

多者比较小作文举例-柱状图

- ◎ 开头：改写题目

- ◎ The bar chart indicates post-school qualifications of various levels by gender in Australia in 1999.

柱状图-主体段1

- ◎ At 3 levels of post-school qualifications, males outnumbered females.
- ◎ This was most evident in skilled vocational diploma, where the percentage of males (90%) was far higher than that of females (10%).
- ◎ Also, more males (70%) had postgraduate diploma than females (30%).
- ◎ In addition, men who held master's degree accounted for 60%, which was 20% higher than their female counterparts.

柱状图-主体段2

- ◎ In contrast, the opposite was true in the cases of undergraduate diploma and bachelor's degree.
- ◎ More women than men held undergraduate diploma (70% and 30% respectively),
- ◎ and the proportion of men who had bachelors' degree is marginally lower than that of women.

柱状图-结尾

- ◎ It is worth noting that **there were striking differences in** the percentage of males and females at different levels of post-school qualifications.
