## Like

I am a (football, basketball) enthusiast. freak, addict!

I am a born (cook, writer, dancer, singer, musician)!

It is my thing!=It is my department!

I didn't get a kick out of it before, but it grows on me now.

I was addicted to it before, but the novelty soon wore off.

I have a huge obsession with it.

## Dislike

I am not much of a (an) dancer, singer, musician, cook!

I am lousy at (with) it!

It is just not in my DNA=I am not meant to it!

I have no talent for (dancing, singing, drawing)!=I have no interest in it.

It is driving me nuts!=It is giving me headache!

Doing ...? It is totally out of character for me.

## Study and Work

### Are you studying or working?

I am a third year university student majoring in finance. I am really into it because I feel like being fully stretched. There is a good chance that I can get a decent job after I graduate. Besides, this field is pretty promising.

谢谢
